

Shopping Cart Website

A Shopping Cart Website provides to the standard internet user all the convenience of shopping from home. This system allows you to sell your products online, which will make your business more efficient for both you and your customers.

Once **insilico™** has created and setup your Shopping Cart Website you will have complete control over it.

insilico™'s package allows the website owner to add, edit or remove the products within their shopping cart without prior technical knowledge.

You can change **your** website at **your** convenience for no additional cost.

What's Included?

The Shopping Cart Website package price starts at \$3300* including GST and includes 6 pages of content.

* \$99 setup fee applies.

We will create a brand new web site that you can self manage.

If you require any extra services, **insilico™** can provide them for an additional charge.

This may include:

- extra pages
- stock images
- hosting
- domain registration

Any future changes to your website, beyond the capabilities provided by our efficient shopping cart system, will incur our standard charges.

For more information on our other services, visit our website:
